PREAMBLE

It is accepted that a well-disciplined police force is necessary to any society to maintain peace and to enforce laws established by that society. To perform its functions most effectively such police force must engender the respect of the community it serves. The force must have an esprit de corps and morale that cannot be disturbed by the actions of any individuals or group.

Now, therefore, this Agreement is made by and between the City of Derby (hereinafter referred to as the "City") and the Derby Police Union Local #1376 of Council #4, American Federation of State, County and Municipal Employees, AFL-CIO (hereinafter referred to as the "Union.")

ARTICLE 1 **RECOGNITION**

Section 1.0 The City recognizes *the* Union as the sole and exclusive bargaining agent for all police officers of the Police Department with authority to exercise police powers, exclusive of the Chief and Deputy Chief. The Union recognizes the City's responsibility to assign work. The rank of Deputy Chief as used throughout this Agreement corresponds to the City Charter position of Lieutenant. The rank of Lieutenant as used throughout this Agreement corresponds to the City Charter position of Detective Sergeant.

Section 1.1 Police officer, for purposes of this Agreement, shall refer to a regular, full-time paid officer.

Section 1.2 In the Articles and Sections of this Agreement concerning regular full-time paid police officers, they shall be referred to as "police officers." Part-time police officers shall be referred to as "supernumeraries" as set forth in Article 28. Additionally, Articles 10,11,17,23, and 26 shall apply to supernumeraries.

ARTICLE 2 **DUES DEDUCTIONS**

Section 2.0 The City agrees to deduct from the paycheck of each police officer who has signed an authorized payroll deduction card subsequent to the date of this Agreement a sum certified in writing by the Secretary or other authorized official of the Union, to be the amount that is to be deducted from each police officer's paycheck for the purpose of Union dues.

Section 2.1 These deductions will be made once a week on the same day of each week for police officers.

Section 2.2 In the event a police officer receives no pay on a payday on which Union dues are scheduled to be deducted, no such deduction shall be made on that payday for that police officer.

Section 2.3 The Union agrees to hold the City harmless from any action taken by a police officer or group of police officers as a result of the City's making or failing to make the dues deductions as specified in Article 2.

Section 2.4 The City shall pay for the AFSCME Public Safety Protection Program (PSP) enrollment for each Police Officer and Supernumerary Officer. The City agrees to pay no more than \$6.00 per Police Officer and Supernumerary Officer, per month, so long as he or she is employed. The City shall pay for PSP so long as it is offered by AFSCME and is not obligated to provide same or similar coverage should the program be discontinued by AFSCME.

ARTICLE 3 **SENIORITY**

Section 3.0 Department seniority as used in this Agreement is defined as the total length of continuous service as a police officer with the City in the Police Department.

Section 3.1 Rank seniority, as used in this Agreement, is defined as the total length of service of a police officer as a permanent appointee to a rank (i.e. from the date of being sworn in as a police officer, Detective, Sergeant, Lieutenant or other rank as may be created from time to time),

Section 3.2 No police officer shall acquire rank seniority in any rank for any period that he/she serves in such rank as a temporary or provisional appointee. During such period of temporary service, he/she shall continue to accrue rank seniority in the last rank he/she served in as a permanent appointee.

Section 3.3 If more than one (1) appointment is made on the same day, the rank seniority of such appointee shall be in order of appointment from the eligibility list.

Section 3.4 Any police officer shall lose all seniority if:

- (a) He/she voluntarily terminates his/her regular employment with the Department.
- (b) He/she is discharged for cause.
- (c) He/she fails to return to work upon the expiration of a leave of absence without a reasonable excuse unless he/she has applied for an extension and same has been granted.

Section 3.5 Both Department and rank seniority shall accrue during any periods of authorized leave whether paid or not.

ARTICLE 4
HOURS OF WORK

Section 4.0 The standard work cycle for police officers assigned to the patrol division shall be four (4) days on, two (2) days off. All other police officers shall work a (5) day on, two (2) days off schedule, Monday through Friday.

- (a) Time and one-half (1%) shall be paid for working on the police officer's scheduled day(s) off.
- (b) Police officers shall be called first for shift replacements and/or for additional staffing. The rate of pay shall be time and one-half (1%) of the police officer's regular hourly rate.
- (c) The City shall have the right to deny requested time off, except for personal days under Article 9, Section 9.7 (as well as the eight (8) hours of compensatory time that may be converted to one (1) additional personal day, as set forth in Article 5, Section 5.5), prior to ordering another police officer to work. The parties, however, agree that when a state of emergency is declared by either the Mayor or Chief of Police, police officers may be called in during a personal day or denied a personal day(s). Additionally, the parties agree that a personal day is not available to police officers on the days set forth in Article 9, Section 9.7(c) and (d) and are limited on the days set forth in Article 9, Section 9.7(e).
- (d) In the event that the City denies a personal day for a reason other than when a state of emergency is declared by either the Mayor or Chief (as set forth above) or for the reasons enumerated in Article 9, Section 9.7, the police officer(s) who last requests such day off shall be denied first.
- (e) A request to use a personal day must be submitted in writing to the Chief or his designee 24 hours in advance, in accordance with Article 9, Section 9.7.
- (f) If a personal day is wrongfully denied, the parties agree to utilize the expedited arbitration process of the Connecticut State Board of Mediation and Arbitration. The parties agree that an emergency, as defined above, is not a wrongful denial of a personal day. In the event that the denial of the personal day is not remedied before the requested day occurs and expedited arbitration is required to resolve the matter, the remedy for the wrongful denial shall be exclusively limited to accrual of two (2) times the number of days wrongfully denied,
- (g) A request to use a single vacation day, compensatory time (except for the eight (8) hours set forth above), holiday compensatory time (as set forth in Article 7, Section 7.0), paid day off (as set forth in Article 7, Section 7.0) or a holiday must be submitted in writing to the Chief or his designee 48 hours in advance and shall be granted provided that: (1) the level of staffing does not drop below the minimum manpower level as set forth in Article 4, Section 4.6(a); and (2) the police officer on duty for such shift can perform the functions

needed, as determined by the Chief or his designee, during such shift. These requests will not be denied with less than 24 hours' notice.

- (h) A request may be made to use a single vacation day, compensatory time, holiday compensatory time, paid day off, or a holiday less than two (2) hours prior to the start of a shift and will be granted provided that: (1) the level of staffing does not drop below the minimum manpower level, and (2) the police officer on duty for such shift can perform the functions needed, as determined by the Chief or his designee, during such shift, and (3) such request is approved by a supervisor.
- (i) The City shall fill openings caused by a personal day, compensatory time, holiday compensatory time (as set forth in Article 7, Section 7.0), paid day off (as set forth in Article 7, Section 7.0) with either: (1) volunteer(s); or (2) if no one volunteers, by ordering in.

Section 4.1 The City shall have the right to order a police officer in on his/her day off if additional staffing is needed. That rate of pay shall be time and one-half (1¹/₄) the police officer's rate of pay in effect at the time.

Section 4.2 Squads shall be assigned by the City.

Section 4.3 Shifts are permanent. However, every six (6) months there shall be a pick of shifts by rank seniority.

Section 4.4 When a police officer takes time-off for either a sick day, a personal day, holiday, compensatory time-off or vacation time, a police officer assigned a different shift shall be afforded the opportunity to work the opening if the length of the vacancy is one (1) work cycle or greater, provided there is no adverse effect on the staffing of the shift that the police officer wishes to move from that period.

Section 4.5 The City shall allow one (1) shift bump per police officer during any six (6) month period between regular bids.

- (a) Police officers who bump shall remain in the squad they bump into for the remainder of that six (6) month process, unless there is a vacant position the police officer can fill in accordance with this Agreement.
- (b) Police officers shall seek a "Mutual Swap" first before exercising the aforementioned bumping rights. The mutual swap must be in writing and signed by both police officers.

2019 SEP 30 Am10:33

- (a) The determination as to the level of staffing of each shift is acknowledged to be a function reserved to management, provided, however, that no less than three (3) sworn uniformed officers will be scheduled to be on the road during each permanent shift. Notwithstanding the foregoing, nothing herein shall be construed to diminish the City's commitment under Section 4.6(c) below. If requested by the City during the period of this Agreement, the Union agrees to meet with the City and reopen negotiations for the purpose of negotiating the use of civilian dispatchers.

- (b) The City shall have the option to advance the start of the shift hours of one (1) police officer per division per shift, to a maximum of three (3) within the department. Said advance not to exceed one (1) hour prior to the start of the normal shift. Division shall be defined as a functional unit within the Police Department. The current divisions include, but are not limited to, Administrative, Patrol and Detective.
- (c) In the event of a reduction in staffing of the Derby Police Department, layoff shall be in inverse order of hiring within all ranks throughout the Police Department within the bargaining unit as follows:
- (i) In the event of reduction in the number of sergeants, the sergeant with the least amount of seniority, within that rank, shall be reduced to patrolman. The least senior patrolman is then the police officer that may be laid off.
 - (ii) Detective and/or Lieutenant, shall be included in the aforementioned bumping layoff process. If a non-union member employee of the Derby Police Department is laid off and such individual was previously a member of the Union, he shall be provided with bumping rights as set forth herein.
 - (iii) The City, in the event of a force reduction, shall notify the Union at least sixty (60) days prior to any layoff with a list of those to be laid off. The City will also lay off supernumerary police officers prior to any full time police officer lay off.
- (d) Any police officer who is notified that he/she will be laid off or that his/her position will be eliminated may elect to revert back to the last rank he/she held and bump the least senior person who occupies that rank.
- (e) Any police officer who is laid off shall continue to receive the contractual medical insurance benefits for a period of thirty (30) days from the date of lay off. The City will bear the costs of the premiums in accordance with the terms of the insurance article contained in this Agreement.
- (f) In the event of a recall of a laid off police officer, the most senior police officer who was laid off shall be recalled first followed by the next senior police officer. The recalled police officer shall have two (2) weeks from his/her receipt of the notice of recall to respond but in no event shall the offer extend beyond four (4) weeks from the date it was sent. Said offer shall be mailed to the last known address of the recalled police officer by certified mail, return receipt required.

Section 4.7 A police officer shall be required to work on his regularly scheduled day off in case of an emergency (which is defined as a situation that cannot be anticipated by at least four (4) hours). It is understood that normal conditions resulting from vacations and elections do not constitute an emergency. It is further understood that a personal day, as set forth in Article 4, Section 4.0 and Article 9, Section 9.7, may only be denied: (1) in accordance with Article 9, Section 9.7(c), (d) or (e); or (2) when a state of emergency is declared by either the Mayor or Chief of Police.

Section 4.8 In the event that the police department color guard is unavailable, the Chief may identify three (3) ceremonial orders out each contract year. Police officers may be ordered to serve during such identified ceremonial orders out, provided however, that such orders out shall be by seniority and no police officer shall be required to work more than one of the identified ceremonial orders out per contract year. The City has the right to order out up to five (5) police officers to satisfy the needs of the color guard assignment. The Chief, or his designee, may identify the necessary staffing needs of the color guard based on the requirements of each ceremony individually. Police officers ordered to serve during such identified ceremonial orders out will not be required to purchase, at their own expense, additional uniforms or gear; at the discretion of the Chief of Police or his designee, Class B or utility uniforms shall be sufficient.

Section 4.9

- (a) Any police officers wishing to exchange work shifts within the same twenty-four (24) hour period shall need approval in writing from the Chief or his designee not less than twenty-four (24) hours prior to the time the exchange is to be effective, and both parties must be agreeable to the exchange, provided no overtime is incurred by such exchange. Said written notice must be signed by both parties. Less than twenty-hour (24) hours' notice of any request for shift exchange as provided in this subsection shall be deemed reasonable cause to deny such request, except on a strict emergency basis. An individual police officer shall not exercise shift exchange rights as provided in this subsection for more than one (1) work cycle in any one (1) month; provided, however, single shift exchange days for the same twenty-four (24) hour period shall continue to be allowed.
- (b) Any police officers wishing to exchange work shifts that are within the same pay period (defined as Monday at 00:00 hours through Sunday at 23:59 hours) shall need approval in writing from the Chief or his designee not less than twenty-four (24) hours prior to the time the exchange is to be effective, and both parties must be agreeable to the exchange, provided no overtime is incurred by such exchange. Said written notice must be signed by both parties. Less than twenty-hour (24) hours' notice of any request for shift exchange as provided in this subsection shall be deemed reasonable cause to deny such request, except on a strict emergency basis. An individual police officer may participate in a maximum of twenty-six (26) shift exchanges as provided in this subsection per contract year. An individual police officer may only participate in one (1) shift exchange per pay period under this subsection. Any police officer who requests time off or uses sick time shall be charged accordingly for each shift (or part thereof) not worked.
- (c) Any police officers wishing to exchange work shifts as provided for subsection (a) or (b) of Section 4.9 may only do so within rank and function (*i.e.*, a "Patrolman" work shift cannot be exchanged with a scheduled "Sergeant" work shift if said Sergeant is serving in the capacity of shift supervisor). An exception to this rule exists when a Sergeant participates in a shift exchange with another shift that does not have a Sergeant or Lieutenant scheduled. Any request to exchange work shifts outside of rank and function requires approval from the Chief of Police.

Section 4.10 Violations of Section 4.9 shall be deemed to revoke the shift exchange privileges, police officer committing the violations for six (6) months. Such revocation shall be but only through Step Two. The Union agrees to save the City harmless from any damages incurred or actions or proceedings brought by reason of individual police officers and/or the Union enforcing any of the exchange of work shift provisions of this Article. The Chief or his designee shall grant approval provided such shift exchange has no additional costs or requires no additional staffing.

Section 4.11 No police officer shall schedule or work more than sixteen (16) hours without an eight (8) hour break, by any combination of regular or required departmental assignments and/or in combination with Extra Duty assignments under the provisions of Article 6. Exception shall be allowed for "run-overs" of a maximum of three (3) hours, where the required break shall be five (5) hours, and for any police officer(s) accepting up to one (1) hour of extra duty work prior to a regularly scheduled shift who shall be allowed to work seventeen (17) hours in a twenty-four (24) hour period. ("Run-overs" shall mean an unforeseen extension of a previously scheduled assignment).

ARTICLE 5 OVERTIME

Section 5.0 Time and one-half ($1\frac{1}{2}$) will be paid for all hours worked in excess of eight (8) hours in a twenty-four (24) hour period, and for all hours over a police officer's regularly scheduled days of work in any one (1) pay period (defined as Monday at 00:00 hours through Sunday at 23:59 hours), unless incurred due to a shift exchange as provided for in Section 4.9 above. Time and one-half ($1\frac{1}{2}$) will be paid for the fifth (5th) consecutive workday in any one (1) week if ordered to work. Double time will be paid for the sixth (6th) consecutive workday in any one (1) week if ordered to work.

Section 5.1 The rate of time and one-half ($1\frac{1}{2}$) shall not apply to work assignments related to states of emergency as defined in Section 4.7 above, when such state of emergency is declared by the Mayor or Chief of Police.

Section 5.2 Police officers required to return to duty in two (2) hours or less of the terminal hour of their regular tour of duty shall be paid overtime at a time and one-half ($1\frac{1}{2}$) rate from the terminal hour of their shift to the conclusion of such overtime. For purposes of this section, the terminal hour shall mean the hour that marked the completion of the regular tour of duty. This language shall not apply to any extra police work jobs as set forth in Article 6.

Section 5.3 Police officers required to return to duty to perform overtime duties on a regular working day and when such duty does not involve terminal pay as described in Section 5.2 shall be paid either four (4) hours straight-time pay or time and one-half ($1\frac{1}{2}$) for the time actually worked, whichever is greater. If the officer returns to duty, he/she must check in with dispatch or the supervisor/officer in charge and check out with dispatch or the supervisor/officer in charge.

Section 5.4 If a shift hold over or call in is necessary, not to exceed four (4) hours, except in case of an emergency, a police officer from that shift shall be assigned according to shift seniority and the least senior police officer shall be held over if no other more senior police officer accepts the assignment. Hold-over or call-in assignments under this Section, for each specific assignment, shall be rotated as necessary to prevent consecutive assignments to the least senior police officer. If a situation arises that the Department requires special units or police officers with special skills, the City shall have the right to call out the police officer trained in the specialty required. It is understood that a four (4) hour call in or holdover will count as a turn on the Department overtime board.

Section 5.5 Police officers may elect compensatory time at a rate of one and one-half (VA) hours for each hour of overtime otherwise payable at time and one-half ($1\frac{1}{2}$) up to a maximum of forty (40) hours per contract year. Compensatory time must be used in the same contract year in which it is earned. The City shall have the right to compel a police officer to use accrued compensatory time by scheduling time off from work or to cash out accrued compensatory time by paying the police officer overtime compensation to the full extent permitted by the Fair Labor Standards Act statute and regulations. Police officers may convert eight (8) hours of compensatory time to one (1) additional personal day in each year of the contract.

Section 5.6 If more than one (1) police officer requests the use of compensatory time off under Article 5, Section 5.5 and such requests are submitted for the same day, and if the City grants the day off, the most senior police officer submitting the request shall be given priority in accordance with Article 4, Section 4.0 for the day off. Additional compensatory time off under Article 5, Section 5.5, if granted, shall be determined by descending seniority

Section 5.7 Eight (8) hour patrol overtime shifts may be split into two (2) four (4) hour blocks. If the open four (4) hour block is still not filled, the police officer who was up first on the patrol overtime list shall either work the full eight (8) hour shift or refuse it. If refused, the overtime shift will then be offered as an eight (8) hour shift to the next police officer on the patrol overtime list.

Section 5.8 A police officer may elect to request compensatory time off in four (4) hour blocks, thus allowing officers to take the first four (4) hours or last four (4) hours of their shift off utilizing earned compensatory time.

ARTICLE 6 **EXTRA POLICE WORK**

Section 6.0 The term "Extra Police Work" for purposes of this Article shall mean police duty for which the police officer is paid by the City and the City is reimbursed by another party other than a City department. Except as noted below, each police officer who performs Extra Police Work, as defined in this provision (regardless of whether such work is voluntary or ordered out), shall be compensated at the following rates of pay, with exceptions stated in Section 6.9 herein:

2019 SFP 30 HM10:3E,

A list of all departmental personnel shall be maintained by seniority. All overtime and Extra Police Work will be assigned by seniority, in the order that the police officer's name appears in the list. As the assignments are made, whether accepted or not accepted by the police officer, that police officer's decision shall be indicated on the list and the next police officer will be offered the assignment or next available assignment.

Section 6.2 All Extra Police Work shall be assigned by the Chief, or his designee. However, when five (5) or more police officers are assigned to the same assignment, for the same hours, the Chief or his designee may require one (1) of the police officers to be a supervisor. At the discretion of the Chief, if no supervisor is assigned, the most senior police officer shall be the officer in charge. The supervising officer shall be paid an additional two dollars (\$2.00) per hour. If more than one supervisor/officer in charge is assigned, the highest ranking, most senior supervisor/officer in charge shall fill the supervisor's slot.

Section 6.3 All Extra Police Work is to be assigned to police officers first.

Section 6.4 Any police officer may participate in extra police work, provided it does not interfere with his/her regular police work. The regular Department assignments shall come first and police officers shall report for Department work on time.

(Consecutive hours may be interrupted by a lunch break). All hours worked for private concerns, other than construction or utility companies, on holidays enumerated in this Agreement, Christmas Eve, New Year's Eve and all Extra Police Work worked beyond 12:00 midnight to 6:00 a.m. will be at a rate of pay of time and one quarter (1%) per hour of the police officer's regular rate of pay as set forth in Section 6.0.

Section 6.6

- (a) All moneys due the police officer for each Extra Police Work assignment above, shall be paid to the police officer through the Police Department and all required deductions shall be deducted from these moneys.
- (b) Payment for Extra Police Work shall be made in a timely fashion and as required by Connecticut General Statutes §31-71(b).

Section 6.7 Fringe and administrative costs to the City shall be added to the hourly rate for all Extra Police Work above. The present percentage of 42% applied to Extra Police Work rates to cover said fringe and administrative costs shall remain unchanged for the duration of this Agreement.

Section 6.8 Regardless of whether such work is voluntary or ordered out, church festivals and non-profit organizations shall be \$45 per hour.

Section 6.9 When any construction or utility work shall, in the opinion of the Chief or his designee, cause traffic interruption and/or put the public safety at risk, the City shall require said companies to hire a police officer. This shall be the City of Derby municipal traffic plan.

- (b) In the event that a police officer assigned to the patrol division requests to take a holiday off that he/she is scheduled to work, such request shall be addressed in accordance with Article 4, Section 4.0.
- (c) The least senior police officer will be denied the holiday off first if shift manpower will fall below the minimum manpower requirements set forth in Article 4, Section 4.6(a). On the next holiday, the police officer next in seniority will be denied the holiday off.

Section 7.2 For holiday compensatory time (as defined in Article 7, Section 7.0) accrued between July 1st and November 1st, time must be scheduled by November 1st and used by November 30th (with the exception of Veteran's Day and Thanksgiving Day, which must be used by December 23rd). For holiday compensatory time accrued between December 25th and June 30th, time must be scheduled by May 15th and used by May 31st (with the exception of Memorial Day, which must be used by June 30th). If at the end of any six (6) month period, a police officer has not used the holiday compensatory time concerned, he shall be paid for such time at the rate applicable at the time such hours were accrued.

In June and December the City has the option to deny holiday compensatory time and pay the police officer instead, based on departmental scheduling needs.

Section 7.3 Any unanticipated state or national holiday or day of mourning implemented by the City of Derby and celebrated by all other municipal employees scheduled to work on that day in the form of time off with pay shall be granted in equal measure to the police officers.

Section 7.4 For purposes of this Article, the holidays listed above shall mean those specific dates on which the holiday falls.

**ARTICLE 8
VACATIONS**

Section 8.0

(a) All police officers hired on or before June 30, 2003, shall be granted time off, with pay, for annual vacations according to the following schedule:

After one (1) Yr. of Service	10 days
After five (5) Yrs. of Service	15 days
After ten (10) Yrs. of Service	20 days
After fifteen (15) Yrs. of Service	25 days
After twenty (20) Yrs. of Service	30 days

(b) Any new police officer who has completed six months of service prior to July 1st of any year shall receive five (5) days of vacation with pay.

(c) All police officers hired on or after July 1, 2003, shall be granted time off, with pay, for annual vacations according to the following schedule:

After one (1) Yr. of Service	10 days
After five (5) Yrs. of Service	15 days
After ten (10) Yrs. of Service	20 days
After twenty (20) Yrs. of Service	25 days

Section 8.1 The vacation period shall be based on a police officer's anniversary date and choice of vacation shall be by seniority. All vacations must be scheduled and taken within one (1) year from the police officer's anniversary date. No carry-over will be allowed unless an emergency, illness or injury prevents the use of unused vacation day(s). Decision or approval in such cases rests with the Chief and Police Commissioners, who both review the merits of each case.

Section 8.2 Not more than four (4) police officers (excluding the Operations Lieutenant, Administrative Lieutenant and the School Resource Officer, when school is in session) assigned to the patrol division may take vacation periods at one time, and in addition, not more than two (2) consecutive work cycles shall be granted without the approval of the Chief or his designee . If a police officer has scheduled vacation time and he/she is required to work during such vacation time, the police officer may carry over the scheduled vacation time that he/she was required to work to the next fiscal year.

Section 8.3 Insofar as practicable, police officers will be granted preference in selecting vacation periods in descending order of Department seniority. Such preference for selections will be granted first for all first and second vacation periods; second for all third vacation periods; third for all fourth vacation periods; fourth for all fifth vacation periods; and so on.

Section 8.4

- (a) Any police officer wishing to take a vacation period of four (4) or more consecutive days (a "vacation period") must submit a request to do so, in writing, to the Chief or the Chief's designee, at least two (2) weeks prior to the vacation period requested. Upon approval of vacation period requests, a "Vacation List" shall be posted showing who is scheduled for vacation and the dates thereof. Vacation period requests will be granted or denied no later than five (5) days after the written request is received. Each police officer will pre-schedule one vacation period by their anniversary date for the following vacation year.
- (b) At the time a vacation period request is made, the police officer shall specify as part of the request the preferential rank of the vacation period being requested.
- (c) A police officer requesting to take a single vacation day off shall be allowed to do so as stated in Section 4.0(g) upon submitting a request in writing to the Chief or his designee at least forty-eight (48) hours prior to the vacation day requested. Requests for single vacation days will not be denied with less than 24 hours' notice.
- (d) If more than one (1) police officer requests the use of a single vacation day under Article 8, Section 8.0 and such requests are submitted for the same day, and if the City grants the day off, the most senior police officer submitting the request shall be given priority for the day off. Additional single vacation day(s) under Article 8, Section 8.0, if granted, shall be determined by descending seniority.

Section 8.5 A vacation period shall be defined as the use of four (4) or more consecutive vacation days. For purposes of determining consecutive vacation days, regular days off or holidays shall not be considered as a break in the use of consecutive vacation days.

Section 8.6 A police officer may elect to receive a "cash out" of up to ten (10) of his/her unused vacation days per fiscal year. To be eligible for a "cash out" of vacation days, a police officer must notify the Chief of Police in writing prior to January 1st for payment in the following fiscal year. The rate of pay will be calculated at the individual police officer's straight time rate of pay at the time of written notification and will be treated as wages for tax and pension purposes. Said "cash out" will be paid the first month of the new fiscal year.

ARTICLE 9

- Grandfather or grandmother
- Uncle or aunt
- Niece or nephew

Any such leave must be taken within 30 days from the date of death or as otherwise approved by the Chief or the Chief's designee.

Section 9.2 A police officer may be granted, by the appointing authority, upon written request, a personal leave of absence, without pay, up to six (6) months. Such leave shall be granted only for compelling reasons, but not for the sole purpose of accepting other employment, either part-time or full-time. Any police officer denied his request for a leave may appeal through the grievance procedure up to but not including arbitration. Leave of absence may be extended at the discretion of the appointing authority.

Section 9.3 Police officers returning to the City employment from military service shall be granted all re-employment rights provided under applicable state and federal law.

Section 9.4 Any vacancies resulting from police officers entering military service shall be filled on a duration basis.

Section 9.5 Time spent in military service and on military leave shall be considered as employment with the City for retirement purposes and seniority purposes in accordance with applicable federal and state law.

Section 9.6 Any police officer who is a member of the National Guard or any organized Military Reserve will be granted a leave of absence with pay, less any government pay received, not to exceed fifteen (15) calendar days in a fiscal year. The above leave shall not be charged to annual leave. These days do not count for replaceable shifts. All sections of this Agreement shall remain consistent with Federal and State statutes pertaining to the National Guard and Military Reserve.

Section 9.7 Each police officer shall be entitled to receive six (6) days off with pay per fiscal year (July 1 - June 30) as personal days.

- (a) In order to receive personal days, the police officer must give the Chief or his designee at least twenty-four (24) hours' notice for each day requested. These requests will not be denied with less than twenty-four (24) hours' notice.
- (b) A request may be made to use a personal day less than two (2) hours prior to the start of a shift and will be granted provided that: (1) the level of staffing does not drop below the minimum manpower level, and (2) the police officer on duty for such shift can perform the functions needed, as determined by the Chief or his designee, during such shift, and (3) such request is approved by a supervisor.
- (c) Personal days are not cumulative from one (1) year to the next and must be used or they will be lost.
- (d) Police officers may not request the use of a personal day (including the eight (8) hours of compensatory time that may be converted to a personal day) after a request for time off has been denied. Consequently, when seeking a day off as a personal day, the police officer must advise the City upon submission of the request that the day is designated as a personal day.
- (e) Police officers may not use a personal day on Memorial Day, Independence Day, Thanksgiving Day or Christmas Day.

- (f) A request to use a personal day on New Year's Eve, Labor Day, Veteran's Day or Christmas Eve shall be denied if it requires the City to order in a replacement.
- (g) Police officers may not use more than two (2) personal days during the months of December and June without permission from the Chief of Police or his designee.
- (h) If more than one (1) police officer requests the use of a personal day under Article 9, Section 9.7 and such requests are submitted for the same day, if the day is granted, the police officer submitting the request first shall be given the day off. The date and time of submission shall be determined based on the Request for Time form submitted by the police officer. This procedure will be followed for other personal day requests for the same day.

ARTICLE 10
GRIEVANCE PROCEDURE

Section 10.0 - Purpose: The purpose of the grievance procedure shall be to settle police officer and/or supernumerary grievances on as low an administrative level as is possible and practicable so as to ensure efficiency and employee morale.

Section 10.1 - Definition: A grievance for the purposes of this procedure shall be considered to be a police officer and/or supernumerary and/or Union complaint concerned with:

- (a) Discharge or suspension.
- (b) Charge of favoritism.
- (c) Interpretation and application of rules and regulations and policies of the Police Department.
- (d) Matters relating to the interpretation and application of the Articles and Sections of this Agreement.

Section 10.2 - Procedure:

Step One:

Any police officer and/or supernumerary or his/her respective Union representative who has a grievance shall reduce the grievance to writing and submit it to the Chief of Police or his designee who shall use his best efforts to settle the dispute. The Chief of Police or his designee's decision shall be submitted, in writing, to the grievant and his Union representative, if represented, within fourteen (14) calendar days of receipt of the grievance.

Step Two:

If the grievant and his Union representative, if represented, are not satisfied with the decision rendered by the Chief of Police or his designee, the grievant or his representative shall, within twenty-one (21) calendar days of receipt of the written response in Step One, submit the grievance, in writing, to the Board of Police Commissioners. The Board of Police Commissioners, or any committee thereof, shall render its decision, in writing, to the grievant and his Union representative within twenty-one (21) calendar days of its receipt of the grievance.

Step Three:

If the grievant, or the Union, is not satisfied with the decision rendered, the Union may, within twenty-one (21) calendar days of receipt of the decision, submit the grievance to arbitration or upon mutual agreement between the Union and City to expedited arbitration, before the Connecticut State Board of Mediation and Arbitration with a copy to the Mayor. The decision rendered by the arbitrator(s) shall be final and binding upon both parties, subject to any legal appeal. Failure to appeal within said twenty-one (21) calendar days from receipt of the Step Two decision, unless the time limits are waived as per Section 10.5, shall result in the grievance being terminated.

The arbitrator or arbitrators shall conduct a hearing at which the facts and arguments relating to the dispute shall be heard. The arbitrator's jurisdiction to make an award shall be limited by the submission and the definition of the term grievance as provided in Section 10.1, hereof.

- (a) Any police officer or supernumerary may process a grievance, with or without Union assistance, through Step Two of the procedure. However, only the Union may file a request for arbitration on behalf of a grievant, pursuant to Step Three.
- (b) The City may, at its discretion, choose to transfer the grievance from the Connecticut State Board of Mediation and Arbitration (CSBMA) to the American Arbitration Association (AAA) for resolution through the AAA's rules and procedures. Notice of said transfer must be forwarded in writing by the City to the AAA and the Union within twenty-one (21) calendar days after the City's receipt of the CSBMA's confirmation of the filing of the grievance with that agency. The cost (except each party's attorney's fees and transcript cost, if any) of arbitration at the AAA shall be borne by the City.
- (c) No grievance settlement made as a result of an individually processed grievance shall contravene the provisions of this Agreement.

Section 10.3 - Mediation: The mediation services of the State Board of Mediation and Arbitration may be used during either the second or third step, provided both parties mutually agree on the desirability of this service.

Section 10.4 - Meetings: If either of the parties related to the grievance process desires to meet for the purposes of oral discussion, a meeting shall be requested and scheduled not later than seven (7) working days after receipt of such request. Whenever the parties to a grievance meet for oral discussion the time periods governing the issuance of the decision as provided for in Steps One, Two and Three, of this procedure, shall be calculated from the day of the meeting.

Section 10.5 - Time Extensions: Time extensions beyond those stipulated in this grievance procedure may be arrived at by mutual agreement of the parties concerned, in writing.

Section 10.6 - Recording of minutes or testimony: Either party shall have the right to employ a public stenographer or use a mechanical recording device at any step in this procedure. Cost shall be borne by parties employing same.

Section 10.7 - Police Union as a complainant: The Police Union shall be entitled to submit grievances in the name of the Police Union in the same manner as is provided herein for police officers/supernumeraries.

Section 10.8 — Representation: Police officers/supernumeraries and the Police Union shall have the right and choice of representation whenever representation is desired by either a police officer/supernumerary or the Police Union, at the expense of the Union or police officer/supernumerary.

Section 10.9 Unless a grievance is filed within thirty (30) calendar days from the time that the grievance occurred, then the grievance shall be considered waived.

Section 10.10 Failure to render a decision at any step within the time limit prescribed for such step, may be considered as an unsatisfactory decision and the grievance may be advanced to the next step in the grievance procedure.

Section 10.11 Recruit officers shall have recourse to the grievance procedure for discipline up to Step Two, Commissioners hearing.

ARTICLE 11
DISCIPLINARY PROCEDURES AND PRIVILEGES

Section 11.0

- (a) The Chief of Police, or his designee, shall be empowered to act in the capacity of investigating officer in any case of complaint against a police officer and/or supernumerary. The police officer/supernumerary in question is entitled to representation, at his own expense, at any hearing before the Board of Police Commissioners. The police officer/supernumerary shall be notified orally, within twenty-four (24) hours of any complaint registered against him/her. Written notification by certified, registered letter or hand delivered letter to the police officer/supernumerary shall take place within ten (10) calendar days of the complaint registration. The twenty-four (24) hours period as well as the ten (10) calendar day period begins when the Internal Affairs case is recorded in the Department's CAD system and is issued a case number and case time. Such notification shall state the general nature of the complaint, but such notification shall not be construed as a statement of final charges and delay in the transmission of the notification shall not disqualify the complaint from being heard and acted upon according to the provisions of Article 10 and Article 11 of this Agreement.
- (b) The investigation shall be concluded within a reasonable period of time, but not to exceed seventy-five (75) calendar days. The City shall be afforded an additional twenty-one (21) calendar day extension for exigent circumstances. The Union and police officer/supernumerary shall be informed of the reason(s) for the additional time. Once the investigation is complete, the police officer/supernumerary and his Union representative will be notified. The Chief shall have ten (10) calendar days from the end of the seventy-five (75) calendar day or extended time period, if applicable, to decide if the charges are going forward or dropped. If for some reason the Chief's availability or exigent circumstances prohibit him from managing this portion of the procedure, the parties will mutually agree to a time line change to accommodate the period. The Chief may notify the police officer/supernumerary and Union prior to the end of the seventy-five (75) calendar day period if there is a decision so as not to prolong the process. If dropped, the investigation is completed and closed and the police officer/supernumerary and Union will be notified. If a hearing before the Chief is required, a copy of all investigative reports, supplementary reports, witness statements, complainant's statements will be delivered to the police officer/supernumerary at the time of the hearing notification.
- (c) A hearing between the Chief, the police officer/supernumerary involved and a Union representative will be held within twenty-one (21) calendar days of the receipt of the investigative material set forth in Section 11.0(b). The Chief will propose disciplinary measures at this hearing. The police officer/supernumerary may state the reasons why he/she believes they should not be charged or may negotiate the extent of the proposed discipline. If an agreement is reached, the agreed upon disciplinary action will be taken and the police officer/supernumerary will have no recourse to the grievance procedure.

The hearing may be recorded by mechanical recording devices by either party. A Union staff attorney will be considered as a Union representative. If for some reason the Chief, police officer/supernumerary or Union staff attorney is not available within the required time lines to manage this portion of the procedure, the parties will mutually agree to a time line change to accommodate that period. The police officer/supernumerary shall have the option to waive the hearing.

- (d) The Chief has fourteen (14) calendar days from the date of the hearing or the date the police officer/supernumerary waives the hearing to exonerate the police officer/supernumerary or recommend discipline of up to twenty (20) days suspension or less. The police officer/supernumerary will be notified of the Chiefs decision at the time.

Procedure for discipline (20) days or less:

- (e) If a twenty (20) day or less suspension is offered and the police officer/supernumerary accepts the discipline, the police officer/supernumerary will have no recourse to the grievance procedure.
- (f) If the police officer/supernumerary refuses the Chiefs recommendation, he/she shall have thirty (30) calendar days from the date of notification of the Chiefs recommendation to file a Step Two grievance with the Board of Police Commissioners. Upon receipt of the grievance, the Board of Police Commissioners will place the grievance on the agenda for the next scheduled meeting, but in no event shall the hearing of the grievance be more than sixty (60) calendar days from receipt of the Chiefs decision at the time.
- (g) The Board may deny or affirm the grievance. If the Board denies the grievance, the police officer/supernumerary or Union shall have the right to Step Three of the grievance procedure and expedited arbitration as set forth in Article 10 of the Agreement.

Procedure for discipline more than (20) days:

- (h) If the Chief decides to refer the police officer/supernumerary to the Board of Police Commissioners for discipline, he shall forward his recommendation to the Board of Police Commissioners and to the police officer/supernumerary within fourteen (14) calendar days from the date of the Chiefs hearing.
- (i) The Board of Police Commissioners shall schedule and conduct a disciplinary hearing within sixty (60) calendar days of the receipt of the Chiefs referral. Notice of the hearing shall be made to the Union fourteen (14) calendar days prior to the date of the hearing. The Commission will not get copies of the investigative material until the day of the hearing. The City and Union will be able to supply the Commissioners brief summaries of their cases no earlier than forty-eight (48) hours prior to the hearing. All witnesses shall be sworn. Should said police officer/supernumerary desire representation at said hearing, the cost of such representation shall be borne solely by the police

officer/supernumerary and such hearing shall be closed to the public including the press, unless such police officer/supernumerary requests that it be an open hearing. At the option of the City or police officer/supernumerary involved, mechanical recording equipment shall be permitted before the Board of Police Commissioners to record the testimony.

- (j) The Board of Police Commissioners shall, within thirty (30) calendar days after the conclusion of the hearing, mail to the police officer/supernumerary a certified letter advising him/her of the disposition of his hearing. The Board of Police Commissioners shall either exonerate the police officer/supernumerary or issue any discipline it deems appropriate. The Board of Police Commissioners shall have the option of scheduling an additional meeting within a fourteen (14) calendar day period for the purpose of additional deliberations and issuing a decision.
- (k) The Union shall have, on behalf of the police officer/supernumerary, the right provided in Article 10-Step Three of the grievance procedure, to appeal the Board of Police Commissioners' decision to arbitration. Any such appeal shall be filed in accordance with the timelines and procedures contained in Article 10-Step Three of the Grievance Procedure,

Section 11.1 Any police officer/supernumerary who has been disciplined in any way or discharged and who is subsequently exonerated, shall be reinstated without prejudice and made whole in all respects.

Section 11.2 Any police officer/supernumerary who may be found guilty of charges and subjected to punitive measures or discharge which shall only be for just cause shall have the right as provided for in Article 10-Step Three, to appeal such decision through the Grievance Procedure, including arbitration.

Section 11.3 Police officers/supernumeraries under departmental charges shall, for good reason, have and enjoy the right of rescheduling their hearing date twice to a mutually agreed upon date but the hearing must be conducted within one hundred and twenty (120) calendar days following the Commissioners' receipt of the initial hearing request. Any postponement beyond the sixty (60) calendar day time limitation resulting from a police officer's/supernumerary's request for the extension shall not operate to cause a violation of the sixty (60) day time limit set forth above.

Section 11.4 In the event that a verbal and/or written warning is given to a police officer/supernumerary, and if no similar or more severe action is taken against said police officer/supernumerary for a similar violation within one (1) year thereafter, the City shall, solely for purposes of discipline and promotional determinations, remove all such record of discipline from the police officer's/supernumerary's personnel file. Thereafter, within the time limits set by state law, as amended, the City shall apply to the Records Administrator of the State of Connecticut to have the disciplinary action taken against said police officer/supernumerary,

removed from all City files and returned to the police officer/supernumerary in the manner set forth in Section 7-109 of the Connecticut General Statutes as amended, if allowed to do so by law. Performance counseling shall not be considered to be disciplinary actions.

Section 11.5 Police officers/supernumeraries shall be notified verbally at the start of any counseling sessions. Performance counseling is recognized to be a normal and ongoing part of the supervisor-subordinate relationship. Performance counseling shall be documented in a supervisor's notebook in order to assist the supervisor in his duties. Written performance counseling shall not be considered a disciplinary action, shall not be placed in a police officer's/supernumeraries personnel file, but may be referred to in a subsequent disciplinary action if it was within six (6) months of the disciplinary action. A copy of any written performance counseling shall be forwarded to the relevant police officer/supernumerary. The police officer/supernumerary shall have the opportunity to respond in writing to written performance counseling within ten (10) days. Performance counseling shall not be subject to the grievance procedure except as part of any subsequent discipline.

Section 22.6 Effective July 1, 2019, each police officer assigned to the patrol division shall annually use four days (32 hours) of the police officer's sixteen (16) additional days off (for which the police officer is being paid under the 4/2 schedule) for the purpose of attending training for no additional compensation. Said examination shall be scheduled within ten (10) calendar days and examined within twenty (20) calendar days of the findings of the City's physician. Failure by the City to have the initial examination by the City appointed physician within the twenty (20) calendar day limit shall require the City to pay the police officer an average of his quarterly earnings on a weekly basis for the time period during which the City continues to violate the time limits set forth herein until such time as the examination takes place. Additionally, sick time shall not be deducted from the police officer if the examination is not performed in the proper time.

Said City physician shall be required to review said police officer's physician's report within ten (10) calendar days after receipt from the Chief and/or his

designee and may, at his/her discretion, examine the police officer prior to making his determination. In the event the Chief, and/or the designee, does not forward the report to a City physician within said ten (10) calendar days, the-police officer shall be permitted to return to active duty.

- (c) In the event the police officer's physician and the City's physician disagree as to when the police officer may return to active duty, the City and the Union shall mutually agree upon a third physician, paid for by the City, and said third physician's findings shall be binding on all parties.

The chief of police may remove or ban a sergeant from an assignment for cause. Further, if required by the sergeant, the chief may remove the sergeant for good cause shown.

**ARTICLE 23
DRUG TESTING**

Section 23.0 The City and the Union agree that all police officers and supernumeraries must refrain from the use of illegal drugs at all times, whether on or off duty, and the failure to do so is presumptively a just cause for discipline in accordance with the procedure described in this Article.

"Illegal Drugs" shall be defined as drugs that are considered illegal under state and/or federal law or prescription drugs for which the police officer or supernumerary does not have a valid prescription.

Section 23.1 - Basis for Testing.

- (a) Testing shall be performed upon reasonable suspicion that a police officer or supernumerary is using or is under the influence of illegal drugs or is reporting for duty under the influence of illegal drugs.
- (b) All police officers or supernumeraries shall be subject to random drug testing as defined herein.

Section 23.2 - Reasonable Suspicion. A police officer or supernumerary may be required to undergo testing based on "reasonable suspicion" when objective facts and observations are brought to the attention of a superior officer and, based upon the reliability and weight of such information, the superior officer can reasonably infer or suspect that the member is using illegal drugs or is reporting for duty under the influence of illegal drugs.

- (a) Reasonable suspicion must be supported by specific facts which may include, but are not limited to:
 - (i) Reports and observations of the police officer's or supernumerary's drug related activities;
 - (ii) An otherwise unexplained change in their behavior or work performance;
 - (iii) An observed impairment of the ability to perform his or her duties.
- (b) If the police officer or supernumerary is ordered to submit to a drug test, he/she shall be given a brief verbal statement of the basis for reasonable suspicion.
- (c) A written record of the basis for reasonable suspicion testing shall be signed by the supervisor within twenty-four (24) hours and made available to the police officer or supernumerary upon his/her request. However, the testing shall not be delayed to await the written record.

- (d) A superior officer, when making a determination that he/she has reasonable suspicion that a police officer or supernumerary has engaged in substance abuse, shall consult with and receive approval from his /her immediate supervisor prior to ordering the officer to undergo a test. Immediate notification must also be made to the Chief of Police or his/her designee. When a police officer or supernumerary is informed of the supervisory determination to undergo a test, he/she shall be entitled to Weingarten rights and Garrity advisements.
- (e) A police officer tested under reasonable suspicion shall be placed on paid administrative leave pending the results of such test. A supernumerary tested under reasonable suspicion shall be placed on inactive status pending the results of such test.
- (f) The City shall provide training for supervisory officers, but the lack of such training of a particular supervisor shall not prevent his/her determination of reasonable suspicion of substance abuse, unless the lack of training is shown to have undermined the reliability of the determination.
- (g) Under this section, the consequences of a positive test for use of an illegal drug shall be discharge.

Section 23.3 Random Drug Testing shall be administered by a system and method adopted by an outside vendor, a copy of which shall be provided to all police officers/supernumeraries and approved by the Union. Such random testing shall be administered on site, if possible. Neither the City nor the outside vendor is required to provide the police officer/supernumerary with advance notice of the testing. Random drug testing shall be in accordance with applicable state statutes and regulations, as they may from time to time be amended.

Section 23.4 In the event a police officer's drug test reveals use of illegal drugs, the following procedure will apply:

- (a) On the first occasion, the police officer shall be placed on sick leave and commence a rehabilitation program under the supervision of a medical doctor paid for by the police officer's health insurance, if covered, if not covered, by the City. Reinstatement at the end of the treatment period shall be contingent upon the police officer's continuing participation in and completion of the rehabilitation program. Upon reinstatement, the police officer shall submit to drug testing at least monthly for the first twelve (12) months and bi-monthly for the next thirty-six (36) months. A positive test after reinstatement is just cause for discharge and may result in the police officer's discharge. Failure without cause to submit to a scheduled drug test shall be deemed a positive test result and grounds for discharge.

- (b) On the second occasion or in the event the police officer fails to satisfactorily complete the rehabilitation program the police officer shall be discharged.

In the event a supernumerary's drug test reveals use of illegal drugs, the following procedure will apply:

- (c) On the first occasion, the supernumerary shall be placed on inactive status and commence a rehabilitation program under the supervision of a medical doctor paid for by the supernumerary's health insurance, if covered. Reinstatement at the end of the treatment period shall be contingent upon the supernumerary's continuing participation in and completion of the rehabilitation program. Upon reinstatement, the supernumerary shall submit to drug testing at least monthly for the first twelve (12) months and bi-monthly for the next thirty-six (36) months. A positive test after reinstatement is just cause for discharge and may result in supernumerary's discharge. Failure without cause to submit to a scheduled drug test shall be deemed a positive test result and grounds for discharge.
- (d) On the second occasion or in the event the supernumerary fails to satisfactorily complete the rehabilitation program the police officer shall be discharged.

Section 23.5 This Article shall be opened for negotiation in the event changes in applicable law make any aspect of the drug testing program illegal.

Section 23.6 In the event a police officer voluntarily discloses he/she has a problem with drug or alcohol dependency, the police officer shall be immediately placed on sick leave and shall be required to commence a rehabilitation program under the supervision of a medical doctor approved by the City. Reinstatement to employment shall be contingent upon the police officer's satisfactory completion of the rehabilitation program and the police officer's continuing participation in a follow-up program. Upon reinstatement, a police officer with previous drug dependency shall submit to drug testing at least six (6) times within the first twelve (12) months and four (4) times within the next twelve (12) months. The police officer must submit to drug testing at the time stated in the notice. Failure to do so shall be deemed evidence of the use of an illegal substance. A positive test after reinstatement is just cause for discharge and shall result in the police officer's discharge.

Section 23.7 All testing shall be conducted accordance with applicable law.

Any disciplinary action taken under this Article, including termination, shall be in accordance with Article 11 Disciplinary Procedures and Privileges, providing, that due process is adhered to and all tests indicate "positive" findings,

The City shall provide a supplemental payment to any police officer who is absent from work due to a work related injury or illness ("Supplemental Payment") in an amount that is the difference between the amount of the police officer's weekly full pay, determined as provided in this section, and the amount of the temporary total disability ("TTD") or temporary partial disability ("TPD") workers' compensation benefits paid to the officer for the week. The Supplemental Payment shall be adjusted, pro rata, for any period of workers' compensation absence that is less than a full week. The parties understand and agree that the Supplemental Payment shall be subject to applicable state and federal taxes. Furthermore, if a police officer's 'TTD or TTP workers' compensation benefits are reduced for any reason, the City's obligation to make the Supplemental Payment shall cease.

Section 27.1 The City shall pay expenses incidental to a police officer's work related injury or illness, including but not limited to medical and hospital expenses, as provided by the Workers' Compensation Act of the State of Connecticut.

Section 27.2 The City has no obligation to continue to employ a police officer who has reached maximum medical improvement and is unable to return to full duty and perform the essential functions of his/her job as a police officer with or without a reasonable accommodation. A police officer must return to full duty within twenty-four (24) months from the initial date of his/her work related injury or illness, or the employment of the police officer will be terminated. Section 27.4 Police officers who are unable to perform their regular duties as a result of a work-related injury or illness and who are eligible for workers' compensation benefits shall not be directed to a retraining program offered by the State of Connecticut. This does not infringe upon the City's right to act, once a determination has been made that a police officer has reached maximum medical improvement and is unable to perform his/her duties as a police officer of the Department.
