Office of the State's Attorney  
Suite 208 120 School Street  
Danielson, CT 06239

Dear Attorney Mahoney:

The ACLU Smart Justice Connecticut campaign is a statewide effort to usher in a new era of justice. We are an unprecedented cohort of advocates who have been directly impacted by Connecticut's criminal legal system and are grounded in the knowledge that our power is our experience.<sup>1</sup>

After nearly a year of organizing and advocacy led by our Smart Justice leaders, on July 1, 2019, Governor Ned Lamont signed Public Act No. 19-59, An Act Increasing Fairness and Transparency in the Criminal Justice System, into law.<sup>2</sup> Public Act No. 19-59 will shine a bright light on your role as State's Attorney by establishing new prosecutorial data collection and reporting requirements for your office. Specifically, your office will be required by law to collect disaggregated case-level data on adult defendants and, starting February 1, 2021, annually provide the data to the Office of Policy and Management.

Connecticut voters,<sup>3</sup> criminal justice reform advocates,<sup>4</sup> and victim advocates<sup>5</sup> supported Public Act No. 19-59, and it passed both chambers of the legislature with a unanimous bipartisan vote. Additionally, we captured national attention upon passage of this new law, which makes Connecticut the first state to collect statewide criminal case data from prosecutors broken down by demographics.<sup>6</sup> In other words, our Smart Justice leaders, advocates, legislators, the governor's office, Connecticut voters, and people all over the nation are interested in the implementation of this act and how you will ensure your office complies with the new state law.

We believe everyone has a role in ending mass incarceration; we encourage you to fulfill yours by embracing Public Act No. 19-59 and hosting our Smart Justice leaders to your office to discuss your implementation plans.

After nearly a year of organizing and advocacy led by our Smart Justice leaders, on July 1, 2019, Governor Ned Lamont signed Public Act No. 19-59, An Act Increasing Fairness and Transparency in the Criminal Justice System, into law.<sup>2</sup> Public Act No. 19-59 will shine a bright light on your role as State's Attorney by establishing new prosecutorial data collection and reporting requirements for your office. Specifically, your office will be required by law to collect disaggregated case-level data on adult defendants and, starting February 1, 2021, annually provide the data to the Office of Policy and Management.

Connecticut voters,<sup>3</sup> criminal justice reform advocates,<sup>4</sup> and victim advocates<sup>5</sup> supported Public Act No. 19-59, and it passed both chambers of the legislature with a unanimous bipartisan vote. Additionally, we captured national attention upon passage of this new law, which makes Connecticut the first state to collect statewide criminal case data from prosecutors broken down by demographics.<sup>6</sup> In other words, our Smart Justice leaders, advocates, legislators, the governor's office, Connecticut voters, and people all over the nation are interested in the implementation of this act and how you will ensure your office complies with the new state law.

We believe everyone has a role in ending mass incarceration; we encourage you to fulfill yours by embracing Public Act No. 19-59 and hosting our Smart Justice leaders to your office to discuss your implementation plans.
